A hand-drawn scatter plot on a grid. The vertical axis is labeled D_2 and the horizontal axis is labeled D_3 . There are 10 data points plotted as solid black circles. A regression line is drawn through the points, sloping upwards from left to right. The line is labeled with 0.1 at its upper end. The value 2.050 is written on the D_2 axis, and 0.2150 is written on the D_3 axis. An arrow points from the 0.2150 label to the regression line.
